

March 12, 2020

The Silver Pantry is actively monitoring the recommendations of federal, state and local authorities (including the CA Department of Health and the CDC) concerning the spread of Coronavirus/COVID-19. Protecting the well-being, health and safety of our clients and employees remains our top priority.

We have always maintained high standards of cleanliness and sanitation in our practices and in our kitchen. In addition to continuing these standards, we are actively encouraging sick employees to stay home, are providing our employees with increased access to hand-washing stations or sanitizing solutions that contain a minimum of 60% alcohol and are sanitizing our delivery bags and ice packs daily.

Several practical measures have been advised for everyone by county and state health officials to help combat the spread of this virus.

These include:

- No handshaking - use other non-contact methods of greeting
- Clean hands at the door and schedule regular hand washing
- Disinfect surfaces like doorknobs, tables, desks, and handrails regularly
- Avoid large crowds

Out of an abundance of caution, beginning Monday, March 16, 2020, our drivers will be wearing disposable gloves and will remain outside your home during your delivery.

We will continue to update you with any changes to our service, should the need arise, during this fluid situation. As always, please do not hesitate to contact us with any questions or concerns you may have.
