

March 20, 2020

The Silver Pantry is actively monitoring the recommendations of federal, state and local authorities (including the CA Department of Health and the CDC) concerning the spread of Coronavirus/COVID-19. Protecting the well-being, health and safety of our clients and employees remains our top priority.

Last night, Thursday, March 19, 2020, Governor Newsom announced a statewide “stay at home” order to protect the health and well-being of all Californians and to aid in slowing the spread of COVID-19.

In this order, certain defined businesses may continue providing their services. Under the following language, The Silver Pantry is defined as one such business as long as we are committed to maintaining social distancing of at least six feet.

“Individuals and businesses that ship or deliver groceries, food, beverages, or goods directly to residences or businesses, including rail and trucking.”

Starting Monday, March 16, 2020, we began remaining outside your home during deliveries as often as is practical and will continue this practice into the foreseeable future. We understand that, at times, remaining outside is not practical and that some of our clients need assistance putting their meals away.

In these instances, please help us comply with the Governor’s order and maintain a distance of at least 6 feet from your driver as they put your meals away.

Any integral part of our business is the social interaction between our clients and The Silver Pantry and we know that this is a difficult and uncertain time for many of you. Please know that your drivers are also missing their time with you! It is imperative, however, that we maintain correct distancing during this period to keep both you and them safe and healthy.

We will continue to update you with any changes to our service, should the need arise, during this fluid situation. As always, please do not hesitate to contact us with any questions or concerns you may have.
